This summer I'll be holding office hours at each of my different district offices. I've got offices in Ironton, Marietta, Bridgeport, Wellsville and Canfield. I'll hold open office hours at each office for at least an hour and a half to meet with residents in the area in one-on-one meetings or in small groups.

My office is still working out the final details for office hours, but the schedule will be posted here and announced in the media.

I hope you'll join me for office hours. I look forward to your visit!
