Wilson to Tour Marietta Manufacturing Facilities

WASHINGTON, D.C. - Congressman Charlie Wilson (OH-6) will tour three Marietta manufacturing plants on Wednesday, February 17, 2010.

The tour will allow the Congressman to see and hear firsthand the opportunities and challenges that exist for manufacturers in Ohio's Sixth Congressional District in the current economic climate.

"I look forward to touring the Thermo Fisher Scientific Plant, the Solvay Advanced Polymers Plant, and Farrar Industries," Wilson said. "Thermo Fisher is in the process of adding more than 100 jobs and it will be exciting to go and share in that good news with the workers there."
